STRATEGOS, the *International Master Degree in Engineering Technology for Strategy & Security*, summarizes the first year of Activities with Workshops from **Genoa to Milan, Rome to Berlin, Lisbon to Singapore, Beijing to Wroclaw, Tucson to Taranto**. The first **Semester of Lectures and Technical Workshops** is almost completed and our Class obtained valuable results by winning an International Competition and supporting **Genuense Atheneum activities** such as 1 Year 1 Day Event, 120 students conducting 500 interviews in a single day with 45 Companies from all around Italy).

On **Friday 13**, we invite you to join us to **summarize** the **achievements** of this last year and to reinforce our networking to plan the *Future* and next *Successes* all together, Companies, Institutions & Universities

Our **Partner & Patrons**, are invited to join **STRATEGOS** and to promote our common interests in **Education, R&D Projects, Workshop & Seminars, Internships, Student Summer Stages** and other *Initiatives*
